

## REQUEST FOR PROPOSALS (RFP 07-02)

(Questions & Answers posted on 02-15-07)

1. I submitted two LOI's for RFP-07/01, Items 9 & 10, due date January 23, 2007, and have received no response. Is it permissible to submit additional LOI's for RFP-07/01, Items 3 & 4, due date February 27, 2007?

Response: RFP 07-01: As soon as the selections are approved, they will be posted on the web and a ListServ e-mail notification will be sent. RFP 07-02: You may submit as many LOIs as you wish. Since there are items on this RFP that you are interested in, please submit the required information by the "Response due date and time" noted on page 1 of the RFP. Note the time change from the last RFP.

Please be sure to use the suggested format for the subject line for your e-mail, as well as for each of the required attachments. (**RFP0702-myconsultingfirmornickname-item-14-LOI**) (Note: Insert pertinent Item number)

Please feel free to e-mail additional questions to [Contractsrfp@indot.in.gov](mailto:Contractsrfp@indot.in.gov).

2. For item 9 in the Engineer's Report the last Appendix is A-8. The report refers to additional appendices, namely A-9, A-10, all of Appendix B and all of Appendix C. Will these be provided?

Response: The Engineer's Report for the referenced RFP item is a "draft" report and has not been finalized. What was posted on the web is all that is available at this time. We do not anticipate any additional information becoming available prior to the RFP response due date and time.
